

Enhancements within the ICM Licensing Portal

In the Fall of 2016, the Insurance Council of Manitoba (ICM) informed all licensees and insurers of the vast array of work being completed within the [licensing portal](#). We are very pleased to announce that in the coming days, the online licence portal will show the beginning stages of these enhancements.

You should notice the first level of enhancements as of March 17, 2017. With this comes a new *Dashboard/Welcome* page similar to the below:

The screenshot shows the ICM Licensing Portal Dashboard. The header includes the ICM logo and the text "LICENSING PORTAL" on the left, and a user profile "Jon Snow" on the right. A left-hand navigation menu contains: Home, Information, Licenses, CE, E&O, Exams, and Payment. The main dashboard area is titled "Dashboard" and "Welcome to the Insurance Council of Manitoba Online Portal". It features several data cards: "Licence Status" (0 Application, 2 Issued, 0 Renewal), "Exams" (0 Results, 0 Scheduled), "Account Balance" (Licence Fees: \$0.00, Exam Fees: \$0.00), "Errors & Omissions" (two entries: LIA-555555-11111-2016 and G-555555-11111-2016, both marked as COVERED), and "Continuing Education (2016-2017)" (General and/or Auto Only: 0.00, 8; Life and/or A&S: 0.00, 15).

This page will provide all licensees with an outline of their active licenses, active renewals, examination history, account balance, errors & omissions (E&O) insurance per class of licence held, and continuing education (CE) per class of licence held.

The left menu hosts an “Information” tab allowing you to update your personal and/or business address(es). The remaining tabs provide you with the same information as on your *Dashboard*, but also provide the ability to update your E&O insurance and CE courses at any point throughout the licence year, 24 hours a day, 7 days a week. Keep in mind that E&O insurance **must** be continually maintained at all times while holding an active licence, and the policy must be added to the portal immediately following receipt of it.

Keep your eyes on the ICM website (www.icm.mb.ca) for further enhancements in the coming weeks.
