1.0 TABLET OVERVIEW

2.0 HOW TO TURN THE TABLET ON

Press and hold the « *Power* » key.

3.0 HOW TO LEAVE THE SLEEP MODE

Press the « *Home* » key to leave the Sleep Mode.

4.0 AVAILABLE APPLICATIONS

The two available applications are :

- PDF document reader (manuals)

- Calculator

5.0 HOW TO RETURN TO THE HOME SCREEN AND SWITCH BETWEEN THE APPLICATIONS

Press the « *Home* » key to return to the home screen or to switch between the applications.

6.0 HOW TO USE THE DOCUMENT READER

To open the document reader, press on its icon. This brings you to the available documents menu.

From the documents menu, press on the wanted document.

When a document is opened, you can access the following tools :

- The scroll bar slider
- The search function
- The interactive table of contents

The slider scroll bar

The slider scroll bar allows you to browse quickly across the document, simply by sliding from left to right.

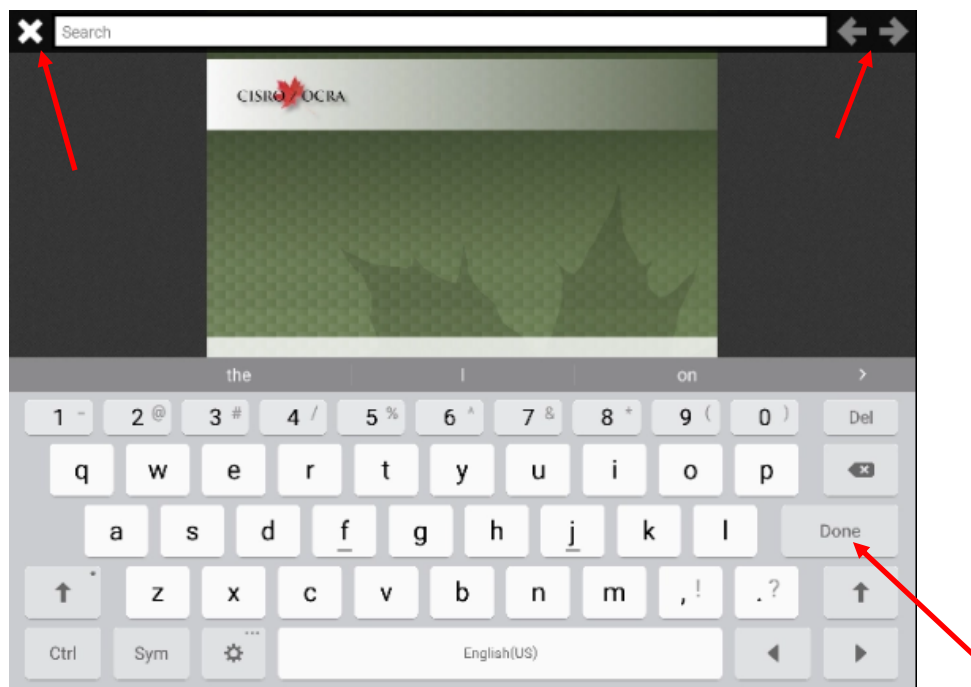

The search function

To activate the search function, press on the magnifying glass icon. Then with the keyboard, type the TEXT you are looking for and press on « *DONE* » to start the search.

The word you look for is highlighted, each time it is found. You have to use the arrows in the upper right to consult the pages that contain the searched word.

To quit the search tool, press the « X » in the upper left corner.

The table of contents

To activate the table of contents, press on its icon. Once the table has opened, press on the chapter or the section you want to access.
